Dear Tawfiq,

Following the success of our first TOP-SET® Senior Investigator course in Kuwait, allow me to express my gratitude at the excellent service provided by yourself and the TRC. Through effective facilitation and coordination of all factors, we could not have asked for a better introduction to the Middle East.

From initial contact to delivery of the course, the TRC has responded to all our enquiries and requests with nothing but the highest level of professionalism. Your knowledge of the local business, markets and culture has proved invaluable on many occasions.

I am confident that Kelvin TOP-SET® is well represented by having yourself and the TRC manage our affairs in this area of the world and, with your assistance, we look forward to developing our business and exploring the potential of Middle Eastern markets.

Again, my thanks for your continued support and assistance; if any company is considering using the services of the TRC they should not hesitate to contact me directly. I would welcome the opportunity to discuss our work together.

Kind regards,
